

# The Organic Pharmacy Rose Diamond Facial – **LIFTING AND REVIVIFYING**

A luxurious facial that restores, hydrates, and revitalizes the skin using the astonishing power of nature, uniting essence of Rose, extract of Diamonds, natural growth factors, lifting agents and ceramides to hydrate, regenerate and protect against ageing.

**T**he healing properties of the facial's ingredients are activated once you lie down comfortably. It begins with the whiff of a few drops of the Organic Pharmacy Rose Bath Oil, sensual and relaxing, prepping you for the treatment.

Next is the cleansing with the Carrot Butter Cleanser, a rich balm that melts in your skin and effortlessly removes grime, dirt, dead skin, and make-up including eye make-up. Infused with Rosemary, Carrot and Shea Butter, the balm feels and smells heavenly and the skin is left feeling alive!

The Herbal Toner up next, awakens the skin by allowing the nutrient rich formula with Sicilian lemon, marshmallow, marigold, and eucalyptus, to rehydrate and prepare the skin for moisturisation.

The perfect exfoliation is achieved with the Deep Flower Petal mask, that removes dead skin cells and draws out impurities in minutes, leaving skin looking brighter and feeling remarkably fresh. It's a seamless exfoliant for sensitive skin that can't tolerate acids or peels. This is followed by a quick application of the Herbal toner

once again to soothe the skin. The Purifying Seaweed Clay Mask with its super-ingredient - seaweed, calms redness and reboots tired skin—the gentle formula draws out impurities with clay, and also contains antioxidants like pine bark and vitamin C to give you that bright, glowing look. Blackheads, oil, and impurities don't stand a chance.

This is again followed by a calming application of the Herbal Toner, after which the therapist performs gentle acupressure on the face, reaffirming the fact that glowing skin is just a few finger tips away? Literally!

A 15-minute blissful facial massage with the Double Rose Extra Cream, a lightweight cream, feels amazing and leaves skin feeling renewed and dewy. The finest rosewater and rose hip oil help soothe any areas of redness or sensitivity. A quick three-minute repair therapy with the Anti-oxidant gel and serum, helps lift and minimise pores, mopping up free radicals\* and reducing wrinkles. This helps reverse the effects of sun damage and tones skin. Both are enhanced with the healing powers of Rosehip, Grapeseed, Alphanolipoic acid, DMAE, Carrot and Grapefruit.

The ritual ends with the Hero products - The Rose Diamond range which includes the Face Cream, Lip cream and Eye Cream. The Rose Diamond Face Cream is a rich, luxurious moisturiser that transforms your skin in an instant. Made from the world's most extravagant natural ingredients, including Persian rose, rose hip, saffron and diamond powder, it instantly firms skin while imparting a dazzling glow. The Rose Diamond Lip and Eye Cream is an upper, lower and eye contour treatment made from state-of-the-art ingredients that work over time to plump, smooth, brighten, reduce puffiness, and fade dark circles as well as lifting and filling the skin around the eye area.

Once again, a few whiffs of the Rose Bath Oil and your sensual journey is complete!

## **THE VERDICT:**

The facial left me looking more alive than I'd been in months. My complexion was brighter, clearer, and smoother. My face looked toned and had a subtle glow that lasted for days!
