

# NeoXperience

Awareness • Healing • Choice

## Experiencing the New

Nilaya and Fabio moved to the Gulf two years ago. Nilaya is an Integral Psychologist who incorporates Western and Eastern approach in working with clients. Prasad is an Addiction Specialist who has studied in various institutions around the world incorporating Group Dynamic and Body Oriented Psychotherapy.

Nilaya and Fabio started NeoXperience after working in the region and seeing a need for healing work. Some people struggle daily with their life choices, repeating destructive patterns that often result in addictions, self destruction or deprivation. These choices often come as a result of past experiences and traumas.

To change our choices, our behavioral patterns and thought process requires us to heal. The **NeoXperience** initiative came to life with the purpose to help people heal by creating workshops with the best teachers and instructors from all around the globe and bringing them to the Gulf.

Awareness of any problem, has shown to be the first and most important phase of change. To be aware is to **SEE**, to see is to **HEAL**, to heal is to have a **CHOICE**.

In February 2019, here in **Dubai**, NeoXperience will Host two Workshops: “**Healing the Inner Child**” (1-3 Feb 2019) and “**Family Constellation**” (8-9 Feb 2019), both led by Premartha and Svarup, well-known Primal Therapy experts and authors of several books on the subject.

## Healing The Inner Child Workshop with Premartha and Svarup, February 1-3, 2019

Childhood Deconditioning work addresses the unresolved issues of our early childhood that play an important part in the way we feel, behave and relate today. It also supports our rediscovery of the qualities of being, presence and individuality, which we were born with.

## Family Constellation Workshop with Premartha and Svarup, February 8-9, 2019

Family Constellation is a therapeutic approach designed to help reveal the hidden dynamics in a family or relationship in order to address any stressors impacting these relationships and heal them
